Polar Dream: Achieving Your Highest Goal

Monday, June 11, 7 pm

Presented by: Helen Thayer

In 1988, at the age of 50, New Zealand-born Helen Thayer became the first woman to travel alone to any of the world's poles when she walked to the magnetic North Pole. Imagine trekking hundreds of miles across a perilous, frozen world with all of your life-support, food and shelter on a sled that you must pull over the rugged terrain while making slowly measured steps on skis. Hear the dramatic and inspiring story of Helen's struggle to reach her goal despite ice storms, unstable sea ice and polar bear encounters, and how her loyal dog Charlie saved her life from these awesome but dangerous animals. Helen hopes that her slide program and story will not only show the beauty of the polar ice cap and the creatures that live there, but will also inspire and motivate others to reach for their own goals and push their horizons to the limit.

Helen also has an incredible list of other accomplishments completed alone or with her husband Bill, including walking 1,500 miles through the deserts of the United States and Mexico; walking across the Sahara Desert following an ancient, 2,400-mile trade route; trekking almost 1,500 miles across the Mongolian Gobi Desert; walking alone for 450 miles in Antarctica, during which she celebrated her 60th birthday; walking 1,200 miles through New Zealand; kayaking 1,200 miles along two rivers in the Amazon rain forest; twice trekking hundreds of miles through the arctic following the caribou herds; spending a year in the Canadian wilds studying three families of wolves; and a second walk to the North Pole with her husband, becoming the first married couple to walk to any of the world's poles.

A Word to PWC Members about Parking

Helen's presentation is being widely advertised to the public and is expected to draw a crowd. PWC members are strongly encouraged to park in the field south of the childcare center so that our guests can use the spaces available in the lower and upper parking lots. The entrance to the field is between the road sign and the fire hydrant. Guests who are not familiar with the parking situation and are unaware of the overflow parking may unknowingly violate parking rules of the Kitsap Unitarian Universalist Fellowship (KUUF). Thank you for your courtesy to our guests and KUUF!

If you haven't had time to join us recently, come join us at the picnic. It's always a fun event. Directions are available using Google Maps.

Outings

A Word About Outings

All PWC outings and other activities are open to anyone, but if you enjoy our company and what we do, we would like you to become a member. The persons sponsoring trips should not be considered instructors or leaders. If you are unsure of your abilities, discuss the trip thoroughly with the organizer. Each participant is responsible for his or her own comfort and safety on any outing. Always carry the 10 essentials.

Pet Policy

Please leave pets at home when attending PWC outings unless the trip is specifically listed as welcoming them.

Please Call Early

As a courtesy to the sponsor of an outing in which you are interested, please try to call at least two days before the trip for single-day outings, and as soon as possible for overnight outings. This allows the sponsor time to make necessary arrangements, or alternate plans should a trip be canceled for some reason. Your consideration will be greatly appreciated.

Climb at Mission Creek Canyon

Various Dates

Contact: Dale Boyle, dboyle@web-o.net, 360-792-1714

We will be climbing in Mission Creek Canyon (near Cashmere, WA) starting in May and continuing until the rains start with the goal of finishing the field work necessary to begin producing a guide of the area. Naturally, we will be focused on new routes, but this does not exclude beginners or climbers of limited experience. Hiking to the routes usually is on the order of 10 minutes. This could be the last season before the first edition of the guide. I believe there will be more than one edition, but the next one will be quite a few years in the future.

Due to my somewhat irregular work schedule at the hospital, I generally notify climbers that want to play in the canyon via e-mail as much in advance as I can. If you want to be on this climbers e-mail list, please zap me a note. I encourage those that are not interested in the structured nature of the fieldwork to try out the Canyon on your own. It is roughly 8 miles long with something for everyone (including single track bike riders). Blueberry pancakes are usually provided for those camping near us on Sunday morning. We usually camp just across from Powder Monkey Slab on Friday night.

Getting to Mission Creek Canyon:

Drive to Cashmere, Washington, which is located off Highway 2 between Leavenworth and Wenatchee. Cashmere has three exits from the highway, two of which have traffic lights. You want the middle exit, which is controlled by the west light: Aplets Way. (The east-most exit and traffic light has services: gas, groceries, fast food, etc.) Follow Aplets Way straight through town until it turns right (Note: just south of the RR tracks the name changes to Division Street on the signs). Follow the right turn. On your right is Vale Elementary School. At the end of the school (before the bridge), find Mission Creek Road on the left (south).

Follow Mission Creek Road until it "T"s with Binder Road. Go right (west) and find Mission Creek Road again on your left (south) in about a block. Follow Mission Creek Road until the "T" at the end of the blacktop (7.2 miles from Highway 2). Turn left (east) on dirt road. Forest Service controlled land begins in 0.4 miles (sign on right about care with campfires). Contact Dale for a detailed description of the climbing area.

Backpack/Climb San Juan Mountains

Monday, June 25 - Saturday, June 30

Contact: David Cossa, 360-871-5577

I am planning a six-day trip to the San Juan Mountains of Colorado. The trip includes flying to Albuquerque, driving to Durango, and taking the Durango-Silverton narrow gauge railroad to a trailhead inaccessible by car. From there, it is 6 miles with 3000 feet of elevation gain to a basin nestled high in the rugged, massive and remote San Juan Mountains. From the basin camp at 10,500 feet, the options are many. I will be ascending three of Colorado's 54 14,000-foot peaks. After three nights at base camp, the trip will be reversed, arriving back in Seattle on the evening of the sixth day.

Hike Mount Stuart

Saturday, August 11 - Monday, August 13

Contact: Brian Steely, 360-297-3825,
brianandcris@centurytel.net

Mount Stuart is not a volcano. It is a lovely, huge chunk of granite. We'll meet at the parking lot Saturday morning at the end of Teanaway Road out of Cle Elum. There are two options: (1) Climb it via Cascadian Couloir. We'll climb the ridge and then head down to our base camp on Ingalls Creek. We climb Sunday morning after breakfast. It is about a 4000-foot ascent. Although the route is non-technical, it is a steep grunt and being in shape is strongly advised. The views from the summit (9400 feet) are breathtaking. I know I will be tired at the end of it, so I intend to spend Sunday night in base camp again. (2) Don't climb it. You don't have to climb Mount Stuart to enjoy it. A second group could join us on the hike up the ridge, then turn left and camp at a spectacular meadow just before Ingalls Lake. Spend the next day hiking around Ingalls Lake and venture as far as your comfort zone takes you on the west side of the mountain. If you paint, bring your water colors.

OMR News

Olympic Mountain Rescue Needs Your Help!

Olympic Mountain Rescue (OMR) is a volunteer organization that performs search and rescue operations in the wilderness and promotes backcountry safety and education. OMR is fundraising to replace their aging rescue truck. Their 1990 F350 has recently needed a lot of work and isn't as reliable as it needs to be for emergency situations. The cost for a new vehicle and accessories (canopy, equipment storage, lighting) is about \$48,000. They have raised \$23,000 from private sources, and they have applied for several grants. They are currently on the "short list" for a grant. To convince the grant's review committee that OMR deserves this grant, OMR has to demonstrate ongoing fundraising efforts over the next few weeks. This is where you come in.

OMR is asking YOU to make a donation toward the cost of the new rescue truck. The suggested donation amount is \$15-30: a small price to pay for the security of knowing OMR is coming to your rescue. Here's how you can make a donation:

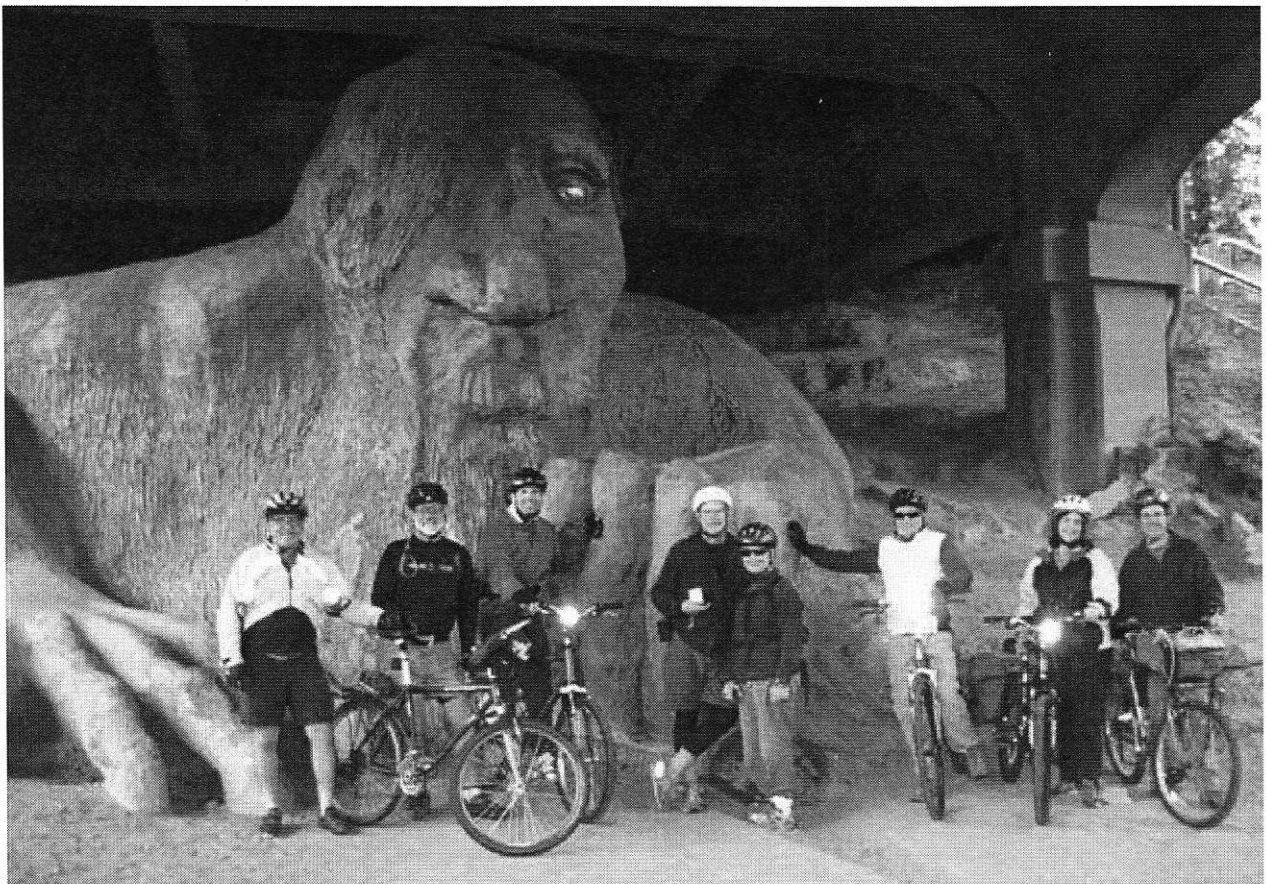

- (1) Go to their website (<http://www.olympicmountainrescue.org/>) and click on "Help Us Help You!" to make a donation online.
- (2) Go to their website, click on "Help Us Help You!" and download a donation form to send a check.
- (3) Send a check, payable to Olympic Mountain Rescue Truck Fund, to:
Olympic Mountain Rescue
Emergency Rescue Vehicle Fund
7860 NE Seawind Avenue
Poulsbo, WA 98370

Remember, Olympic Mountain Rescue is the organization that will come to your rescue if you are injured or lost in the backcountry.

There was plenty of cheer as nine PWCers pedaled their way around to the sights of Seattle during the Mother's Day Pub Pedal. The 15-mile route included the Ballard Locks, Fremont Bridge Troll, Gas Works Park, a few hills for exercise, and stops at several pubs to sample the local brews.
