ANNUAL MEMBERSHIPS COMING DUE

For, many of us, our \$12 annual membership dues is coming due this month. If you are not certain, check your Month/Year notice on the mailing label. "12/87" means your membership was definitely due this December 1987. Apparently some of you either signed up later in the year or, as a demonstration of your faith in our institution, paid up for two years. If the due date on your label is not correct, and we have received one letter pointing this out already, contact Kevin Kilbridge. For those of us desiring to renew the membership so that we can continue to meet and enjoy interesting programs, please complete the attached form so that we will be current on who you are and where you currently live out at.

**NEW NEWSLETTER EDITOR SOUGHT**

I have advised Larry Thomas that it is my present intention to turn over my responsibilities for the NewsLetter to others sometime in the next six months, probably in June. I have certainly enjoyed working on it over the past three years but I am thinking that the time is approaching when a new person with fresh ideas and a different perspective needs to take over.
