Outings

A Word About Outings

All PWC outings and other activities are open to anyone, but if you enjoy our company and what we do, we would like you to become a member.

The persons sponsoring trips should not be considered instructors or leaders. If you are unsure of your abilities, skill level, or equipment, discuss the trip thoroughly with the organizer. Remember that each participant is responsible for his or her own comfort and safety on any outing. Please always carry the 10 essentials.

Midweek Hikers' Registry

For those who wish to make their own midweek hiking arrangements with others, the club will maintain an email registry to facilitate communication between members. Send your name, email address, and phone number to twocrofts@earthlink.net asking to be put on the midweek hikers' list. As members are added, this contact information will be updated and sent to all other members on the list.

Pet Policy

Because some people may not be as comfortable with your pets as you are, please leave pets at home when attending PWC outings unless the trip is specifically listed as welcoming them.

Hike Tunnel Creek

Thursday, July 4

Contact: Barney Bernhard, 360-479-3679

This hike goes along Tunnel Creek, climbs to 50-50 Pass and gives spectacular views of the east face of Mt. Constance. From the pass there are close-up views of The Brothers and, in the distance, Mt. Rainier and Mt. St. Helens. The full hike is 8.5 miles round trip with 2450 feet of elevation gain. Those wishing an easier hike may turn around at the halfway point at Tunnel Creek shelter, avoiding the steep and rough second half, but also missing the good views.

Hike Mt. Rose

Saturday, July 6

Contact: Carl Crimbring, 360-662-0930

This is a strenuous round trip hike of 6.4 miles and elevation gain of 3500 feet. The trail starts off with almost 2 miles of very tedious swithbacks. At the junction, we'll turn right and head for a low saddle in the ridgeline and follow the ridgeline to the summit. Weather permitting, we will be rewarded with great views of Lake Cushman, Mt. Ellinor, and the North Fork of the Skokomish at the summit. We will meet at 7:30 am at the Bremerton Airport.

The trail varies in quality as it goes through the area burned in the Beaver Fire of August, 1985. There are patches of old growth, exuberant regeneration, and loose scree, with open views to the west and north, and a small stream near the top.

On overnights we car camp at Forest Service bunk-houses and WTA provides the burgers and soda, and volunteers bring a dish to pass. Those volunteers who work two singles or one overnight will receive from the National Forest Service an annual pass good for a year past date of receipt. And new starting in July, our Olympic volunteers will receive a Custom Correct map of that day's trail courtesy of owner Tom Shindler. For more information, please contact Lezlie or go to "Volunteer Opportunities" at www.wta.org for the schedule of all maintenance outings.

Saturday, July 20–Wednesday, July 24

Contact: David Boyde, 360-692-9325, theboyde@aol.com

Spend four days circumnavigating Mount St. Helens on the Loowit Trail and cap it off with a climb to the crater rim. The Loowit Trail is an extraordinarily scenic trail with sweeping vistas through a wide variety of terrains, including pumice deserts, innumerable gullies and canyons, high ridges and meadows, some old growth forest, and, of course, lava flows. The 33-mile hike will begin on Saturday, July 20, at June Lake, and end on Tuesday, July 23. The itinerary: first day, June Lake to the Plains of Abraham; second night at the South Fork of the Toutle River; third night at Butte Camp Dome; and the final night at the Climber's Bivouac. Near the rocky summit, the trail goes beneath upthrusts of pillow lava and through blocks of broken sandstone. From the top, there are glorious views in all directions. Danskin Women's Triathlon Training

August, date TBD, Lake Washington

Contact: Sue Felix, 360-895-3264, or Lori Hudson, 360-697-1281

PWC has its own women's triathlon training group. We will be training throughout the spring and summer for the Danskin Triathlon, a sprint-distance, women's triathlon for charity. Participants compete in a half-mile swim in Lake Washington, a 12-mile bike ride, and a 3.1-mile walk/run. While most people do this individually, some choose to race as a team, each taking a leg of the race.

This race is a unique opportunity to contribute to cancer research while participating in a fun, exciting, and challenging event. Last year over 3,300 women participated, and we had a great time!

"I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not, when I came to die, discover that I had not lived."

Olympic National Park Volunteer Opportunity

The Olympic National Park greenhouse needs volunteers to help pot seedlings for this year's revegetation projects. For 16 hours of work, each volunteer will be presented with a VIP pass allowing waiver of entrance and camping fees, including the Wilderness User Permit fee. The \$1 daily parking fee at Ozette will also be waived for pass holders. This pass is only good for the year 2002. "This pass has been part of our volunteer program for many years and is a token of our appreciation for the dedication and support volunteers give to the park," said Superintendent Morris. *To help in the greenhouse, please call Matt Albright at 360-565-3072.*

Computers Happen...

...or when computers collide! It was impossible not to notice the print errors of the June issue of Penwicle. After the newsletter has been proofed, the original file is corrected and saved, and a copy of the file is saved in a PDF format by Acrobat. This supposedly incorruptible format allows the printer to open a file—as long as they have the Acrobat software—without having the same platform as the editor, the original layout software that created the newsletter, or even the fonts—and this it does so nicely; however, it has been discovered that if I save the a PDF file in Acrobat 4.0 and the printer opens it in Acrobat 5.0, the file is corrupted! Impervious to corruption—HA! From now on, the printer will receive a hard copy to proof by.

Newsletter Folding

Each month, a group of PWC members fold, staple, and stamp the Penwicle to get it ready for mailing. This usually takes place at the home of the potluck host, an hour before the potluck. Members who have indicated an interest in participating are contacted by email. To add your name to the list, contact club secretary Lori Hudson at 360-697-1281, or sign up on the volunteer sign up sheet when you come to a general meeting. If the newsletter isn't ready by the date of the potluck, or if the potluck host can't accommodate the folding, it is scheduled for another time and place and volunteers are notified by email.

Trail Tips and Helpful Hints

The Dosewallips River Road (FS 2610) is washed out at Milepost 10, before Elkhorn Campground. The road will be re-opened, but the date has yet to be determined.

Important Note!!!

The club will not meet at the KUUF building during July. The next regular meeting at KUUF will be on Monday, August 12. Please see details about the July meeting place on page one.

Proposed Revisions of PWC Bylaws

The insert in this month's newsletter contains proposed revisions of the club bylaws. The insert will only be in newsletters mailed to club members and not copies used for general distribution.

Theft at Hood Canal Bridge Park 'n' Ride!

There have been several instances of members' cars being broken into and even one member's car stolen, at the Hood Canal Bridge Park 'n' Ride lot. A safer parking area is at the fire station on South Point Road to the west of the Hood Canal Bridge. Cross the bridge, drive three miles to South Point Road and turn left. The parking area is about 50 yards down the road on the left, next to the gray buildings of the fire station.
